

# Elastocalx N

#### Ergonomic design

Well-considered design combines wearer comfort and effective performance.

#### Environment

We take into account the patient as well as the environment.

#### Comfort

The quality of our products shows itself in the level of comfort experienced.

Elastocalx N is a heel cushion made of silicone that provides optimal shock absorption for ankle and knee joints, as well as for the hip and spine.

These are supplied in pairs.

#### Indications:

- Osteoarthritis of the ankle, knee, and hip joints, degenerative conditions of the spine
- Irritated Achilles tendon
- Myotendinopathies
- Leg length discrepancies
- Pelvic misalignment
