

# Adjustable Elastic Knee Brace With Hole

## Ergonomic design

Well-considered design combines wearer comfort and effective performance.

## Environment

We take into account the patient as well as the environment.

## Comfort

The quality of our products shows itself in the level of comfort experienced.

The Adjustable Elastic Knee Brace With Hole is made from breathable materials that provide an extremely comfortable fit. The wrap-around design means the brace fits like a glove, while the opening over the patella ensures stability.

## Indications:

- Gonalgia
- Arthritis
- Articular effusion
- Tendonitis
- Patellar sub-luxation
- Meniscus injuries
