

Junior Wrist Splint

Ergonomic design

Well-considered design combines wearer comfort and effective performance.

Environment

We take into account the patient as well as the environment.

Comfort

The quality of our products shows itself in the level of comfort experienced.

The Junior Wrist Splint is a brace for wrist immobilization designed for children. This wrist brace is suitable for wrist sizes up to 10-13 cm. It features a removable aluminum palmar stay and three Velcro straps for an ideal fit. The soft thumb opening ensures a high level of comfort.

Available in the following sizes:
